

HomeGuard™ Surge Protection Service

HomeGuard™ Surge Protection Service protects your equipment from damaging power surges and covers repair or replacement costs of properly connected appliances if the surge suppression unit fails. Protection provides:

- Warranty coverage up to \$1,000 each to repair or replace “*Standard White Appliances*” which sustain surge damage.
Maximum coverage of \$10,000 Per Household event
- Meter-base surge suppression device

“*Standard White Appliances*” include: washers, dryers, stoves, refrigerators, freezers, HVAC units, dishwashers and garbage disposal.

One of the surge devices below would be used to protect your home.

With a \$40 installation fee and just \$4.95 a month under a one year agreement, HomeGuard™ Surge Protection Service will protect your home’s standard white appliances. Contact NNEC at 804-333-3621 or 800-243-2860 during normal business hours for additional information on the HomeGuard™ Surge Protection Service.
